BASE MAKEUP

CONCEPT

The real skin is revealed by breathing life into it.

The base makeup of THREE is designed to accentuate the beauty of the bare skin with a complexion glowing with vitality.

Organic botanical oils are carefully selected and added in abundance to ensure makeup that is comfortable and keeps the skin healthy until the very moment it is removed.

Each product is developed with care to bring the best texture and create the most suitable colors and shades that delightfully blend into the skin of all women.

The ideal natural skin tone is revealed by adding a healthy glowing complexion radiating with fresh luminosity and suppleness.

Show through your true self with the look of beautiful natural looking skin. That is what the base makeup of THREE helps you to accomplish.

THREE

angelic symbiosis
foundation

Nature meets advanced science
to create a new dimension
in skin enhancement.
Radiant texture
and innovative finish.

BASIC INGREDIENTS

The products of THREE always focus on "conditioning the skin by making use of nature's blessings."
THREE's foundations are formulated with the following high-quality botanical oils.

INCA INCHI OIL

Inca inchi (*Plukenetia volubilis*) oil

This oil that blends easily into skin is extracted from inca inchi seeds cultivated with traditional organic farming methods. It is packed with α -linolenic acid that conditions the skin for a soft and healthy look.

ARGAN OIL

Argan oil (*Argania spinosa* kernel oil)

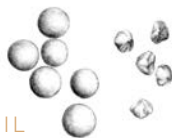

This multifunctional oil is very precious as only a small amount can be produced from one tree. It softens the skin to prevent dryness and makes the skin texture supple and resilient.

JOJOBA OIL

Jojoba oil (*Jojoba* seed oil)

Since the composition is very similar to that of human sebum, this oil easily penetrates and blends into the skin. It gently spreads on the skin without a greasy feel to create a glowing look.

TEA SEED OIL

Tea seed oil (*Camellia* oil)

Carefully extracted using a method that does not destroy the moisturizing agents, this oil produced in Japan has an excellent emollient effect. It brings fullness and softness to the skin.

HIPPOPHAE RHAMNOIDES OIL

Sea buckthorn oil (Hippophae rhamnoides oil)

Oil derived from the flesh and seeds of Elaeagnaceae fruit. Gives skin moisture, elasticity, and translucency.

ACAI FRUIT OIL

Acai fruit oil

An organic beauty oil derived from acai fruit that is prevalent in the Amazon River mouth basin and is known as a power food. Contains many ingredients that are excellent for skin care and helps moisturize.

EVENING PRIMROSE OIL

Evening primrose oil (Oenothera biennis oil)

This oil is extracted from the seeds of evening primrose, a plant that can reproduce even in a tough climate due to its strong vitality. It contains essential fatty acids that soothe and soften dry skin.

ROSEHIP OIL

Rosehip oil

Extracted from the seeds of a wild rose bush called dog rose, this oil is rich in essential fatty acids such as oleic acid and linoleic acid. It conditions the skin to maintain a soft and glowing complexion.

YUZU SEED OIL

Yuzu seed oil

An oil derived from the seeds of yuzu, a citrus fruit that has been familiar to Japanese people since long ago. It gently moisturizes the skin as if releasing tension to give it a lively, springy, and glowing look.

THREE ANGELIC COMPLEXION PRIMER

THREE Angelic Complexion Primer

NEW 5 shades 80% naturally derived ingredients 30 g 4,200 yen each (without tax)

OR (orange): For blue or black circles under the eyes

<4 basic colors>

For detailed areas such as around the eyes or corners of the mouth, age spots and freckles, and touch-ups during the day

— Shop limited edition colors

HOW TO

A Dullness under the eyes

Layer on one of 01-04 that matches your skin tone to a wide area under the eyes.

A' Dark circles

Correct colors under the eyes that are a concern by layering on YE or OR.

B Sides of the nose

Use one of 01-04 that matches your skin tone. Layer on YE if redness is a concern.

C Corners of the mouth, smile lines

Layer on one of 01-04 that matches your skin tone.

D Eye color base

Gently cover the dull area of your eyelids with one of 01-04.

E Highlight

Blend YE into your T-zone, high part of your cheekbones, and tip of your chin to create refined definition.

F Age spots, freckles and other concerns

Add natural coverage with 01-04 that is the same as your skin tone.

Red pimples and other concerns

Layer on YE to gently cover.

Bare-looking makeup

After applying foundation, use one of 01-04 to correct color irregularities. Cover certain spots to create the ultimate natural skin that looks makeup-free.

Touch-ups during the day

Layer on one of 01-04 that matches your skin tone to places where makeup comes off easily. Looks beautiful on top of liquid, cream, or powder foundation, so it is great for touch-ups during the day.
