Chamomile, full of holistic care potential

This time, THREE focuses on German chamomile, which is rich in beneficial properties such as azulene and bisabolol and has been valued for about 4000 years as a useful plant to maintain a healthy mind, body, and skin.

Its white flowers look pretty yet have strong vitality with cold resistance and fertility.

[German chamomile essential oil from Minamiaso, Kumamoto Prefecture]

Balancing Concentrate Soft Cream contains our original essential oil extracted from organic German chamomile cultivated in the THREE herbal garden in Minamiaso, Kumamoto Prefecture. Chamomile plants are handpicked not to waste azulene, an effective ingredient, and distilled by steam distillation within 24 hours. Spring water of Aso is used for distillation. THREE utilizes whole plants including leaves and stems, which have not been conventionally used. The color is deep green, displaying a more powerful impression than ordinary blue color.
