

Melting at body temperature,  
it removes makeup as well as keratin.  
The skin is left silky smooth

The soft oil gel hugs the skin as it melts at body temperature.

The softly textured fine particles remove keratin, while the natural clay absorbs dirt in the pores.

Enveloped in the refreshing aroma of essential oils, the cleanser melts your heart as it melts comfortably into your skin.

#### <How to use>

- 1: Take an appropriate amount (the size of a cherry) on your dry hands, and warm it by spreading it to the fingertips.
- 2: Covering the nose with your palms, slowly take 3 deep breaths and inhale the aroma.
- 3: Dot the cleanser on the chin, cheeks, nose and forehead.
- 4: Massage from the center of the face (midline) outward, using small rolling motions.
- 5: When the touch on the fingertips become lighter, rinse thoroughly with lukewarm water.

\*Avoid areas around the eyes.

# THREE

## BALANCING CLEANSING OIL GEL

Melts your heart, as it melts into your skin. A cleanser that breaks new ground.

## CONCEPT

"Cleansing," the first step towards a healthy mind, body and skin

Since the launch of the brand, THREE has been looking at "cleansing" from a holistic perspective.

Removing unwanted dirt and keratin is the first step in improving skin cell turnover and maintaining healthy homeostasis\* of the skin.

Today, the environment surrounding us is scattered with substances such as exhaust fumes, PM2.5, viruses and stressors.

For cleansing away these "invisible aggravators" quickly and recovering your pure, bare skin.

An innovative new cleanser is debuting from the <Balancing> line.

With the triple effect of blended oil, argan shell and white clay, the formula gently removes makeup and excess sebum as well as fine particles in the air that attach to the skin.

Enjoy the cleansing experience in the sumptuous aroma of COSMOS organic certified cleansing oil gel, which is made with carefully selected, naturally derived ingredients obtained using the best extraction methods.

After cleansing, the skin is left clear with a silky smooth texture.

The debut of a cleanser that restores the skin's natural beauty.

\*The innate ability of the human body to maintain its health

## THREE Balancing Cleansing Oil Gel

100% naturally-derived ingredients / 10% organic ingredients 100g 4,620 yen (including tax)

With three natural cleansers, effortlessly lifts away even dirt ingrained in the pores.

An innovative formula featuring the triple-effect of "botanical oil" with a high affinity for oily dirt; "natural scrub" with fine particles for cleansing uneven skin surfaces; and "natural clay" that absorbs any impurities in the pores and the skin's micro-wrinkles. Gently removing makeup and sebum as well as deep-seated dirt such as fine particles in the air that attach to the skin, it brings back the skin's natural smoothness and clarity.

## INGREDIENTS

At THREE, we are committed to selecting environmentally conscious ingredients. For example, we use valuable botanical ingredients grown in carefully selected production regions, harvested at the right time, and obtained using the best extraction methods. We also make a point of using unutilized resources as well.

### <Three cleansing ingredients>

#### Blended oil

(Tea seed oil / Field mustard seed oil / Camelina sativa seed oil / Olive oil / Jojoba seed oil / Shea butter)

A blend of six natural oils with a high affinity for makeup and sebum. Lifting away impurities in the skin's micro-wrinkles and pores, it cleanses to leave the skin supple and hydrated.

#### Argan shell

(Argania spinosa shell)

A fine scrub made from the husks of argan seeds that used to be discarded. With a soft texture, it gently removes keratin and smoothens the skin surface.

#### White clay

(Kaolin)

Naturally attracts and adsorbs dirt in the pores and waste products on the skin surface. Gently cleanses the skin and keeps it hydrated.

### <Three skincare ingredients> (Moisturizing and emollient agents)

#### Arjuna extract

(Terminalia arjuna extract)

An organic ingredient obtained from the bark of arjuna, which is known as a miracle tree in Ayurveda. Firms the skin and improves dullness.

#### Cactus flower extract

(Opuntia ficus-indica flower extract)

An organic ingredient extracted from the flowers of the prickly pear, which grows in the harsh desert environment. Deeply moisturizes and protects the skin.

#### Lavandin oil

(Lavandula hybrida oil)

An essential oil with an aroma that is spicier than lavender and redolent of forest bathing. With an effect of reviving mind and body, it refreshes and calms the skin.
