Scalp & Hair
Delivered quickly for hair troubles. New hair care series
THREE SCALP & HAIR

New releases on Wed., Sept. 2

Feel it. Your hair instantly achieves exquisite style.

THREE has created new shampoos and conditioners that quickly transform hair from the moment you wash, evoking a sensation of a different product, and different hair.

Women who worry about damaged or flat hair will feel more confident about their locks with these two series.

More than 93% of the ingredients in both the shampoo and conditioner are naturally derived, and both promise a silicon-free formula.

REFINING

Each strand of hair becomes silky and beautiful.

For damaged hair: Refining Series

THREE Scalp & Hair Refining Shampoo
93% naturally derived ingredients  300 mL  4,500 yen (without tax)

Washes hair without tangling or friction and frees it from the stress caused by shampooing.

This shampoo lathers quickly into a springy and dense foam. Damaged hair tends to be harder to comb with the fingers when it is damp. The rich lather helps to detangle the hair to smoothly cleanse the entire scalp and hair.

THREE Scalp & Hair Refining Conditioner
97% naturally derived ingredients  200 g  4,500 yen (without tax)

Rapidly repairs damage and makes the hair silky, shiny and manageable.

The conditioner rapidly penetrates the hair despite its rich texture. It penetrates the hair as soon as it is applied to reduce dryness and stiffness. Thoroughly repairs split ends and hair breakage. Your hair will become silky and manageable.

THREE SCALP & HAIR

REINFORCING

Achieve soft, voluminous, and beautiful hair from the roots.

For flat hair: Reinforcing Series

THREE Scalp & Hair Reinforcing Shampoo
93% naturally derived ingredients  300 mL  4,500 yen (without tax)

Leaves hair light and airy and ready for extra volume.

The shampoo lathers quickly to produce an elastic and voluminous foam. If you are concerned about your hair thinning, this shampoo adds volume while preventing tangling and friction during washing, cleaning right down to the scalp. Prevents hair from becoming flat.

THREE Scalp & Hair Reinforcing Conditioner
95% naturally derived ingredients  200 g  4,500 yen (without tax)

Provides the hair with beautiful body while creating suppleness and shine.

The conditioner rapidly penetrates the hair despite its rich texture. Treats the scalp with ample moisture and coats the hair surface. Adds suppleness and lifts each strand from the root to give it airy volume.

THREE Scalp & Hair Reinforcing Tonic Water
93% naturally derived ingredients  120 mL  3,800 yen (without tax)

Creates a healthy scalp environment with a gradual warming sensation.

This scalp care item adjusts the hair growth environment. Spray it on and massage the scalp to stimulate the blood circulation and deliver the ingredients all over, restoring health throughout the entire scalp.

How to use: Shake the container well and spray directly on the scalp while separating the hair into small parts. With the balls of your fingers on both hands, massage deep into your scalp.

Featured ingredients

Lavender oil
This is an essential oil derived from true lavender, which is classified as the best quality lavender from among the many varieties. It emits a fragrance with both herbal and floral sweetness.

Eucalyptus radiata oil
There are over 500 species of eucalyptus. Eucalyptus radiata oil is the oil derived from eucalyptus globulus that has the most peaceful and refreshing scent.

Citrus depressa extract
This extract is derived from the peel of the shekwasha. Shekwasha peel is rich in the flavonoids nobiletin and tangeretin, which are good for beauty and health.

Prunus armeniaca (apricot) juice extract
This extract is squeezed from the apricot, which is a plant in the rose family. The flesh is rich in vitamin A and niacin, a type of vitamin B associated with the metabolism of protein, and has been said to warm the body since ancient times.

Orthosiphon stamineus extract
Kumis kuting means cat’s whiskers in Malay, and is a perennial of Lamiaceae. It is one of three major herbs from Okinawa, and the extract from the whole plant, including the leaf and stalk, is rich in potassium and rosmarinic acid, which is one of the polyphenols.

Verbena extract
Verbena, known as common vervain, is used in Europe as an important herb for health, and was used as a sacred plant at festivals. The extract derived from the entire plant contains verbenalin.

Aphanothece sacrum polysaccharide
This is a macromolecular polysaccharide extracted from Aphanothece sacrum (Suizenji laver), a blue-green alga peculiar to Japan that is grown in a very limited area of Kyushu. It richly hydrates with its amazing water retention power, which is around ten times that of hyaluronic acid.

Beauty starts at the scalp.

Daily activities, various environments, habitual coloring and stress are hard on your scalp and more and more people are complaining of scalp problems in recent years. Just like your skin, the scalp needs daily care.

THREE Scalp & Hair focuses on scalp care with the basic steps of cleansing oil, then rich, serum-like shampoo and conditioner.

With an emphasis on a silicon-free formulation and use of botanical ingredients, the products are easy to use and leave hair with a smooth texture that is nice to the touch.

We approach the mind, body and skin with rich scents and textures by lavishly combining the bounties of plants, including essential oils. Treatment made to suit the condition of the scalp keeps it healthy and leaves hair sleek and beautiful.

THREE is an original blend of hand-picked natural ingredients.

**WINTERGREEN OIL**
Wintergreen oil (Canada, Nepal, China)
An essential oil made up of over 95% methyl salicylate to invigorate the scalp that gives off a cool, refreshing scent. Enhances the sensation of scalp massages.

**FERMENTED BLACK BEAN ESSENCE**
Fermented black soybean extract (Sasayama city, Hyogo pref.)
Extract rich in polyphenols such as isoflavon and anthocyanin. Moisturizes the skin and has excellent beauty effects.

How to use THREE Scalp & Hair effectively

CLEANSING OIL
• Use on dry hair and scalp after brushing hair.
• Amount to use: as necessary to suit condition of scalp and hair.

1. Apply to scalp
2. Cleanse and massage

Divide hair into sections and directly apply oil to scalp using a dropper.

On the front and sides apply from the hairline to the whorl. On the back, apply in a line from the whorl to the nap of the neck.

Use fingertips to rub in the applied product to cleanse and dissolve the buildup in the pores.

On the forehead massage from the hairline to the whorl and on the back of the head from the whorl to the nap of the neck and then rinse thoroughly.

SHAMPOO
• Pre-wash by wetting hair all the way to the scalp.
  When not using cleansing oil, brush hair before pre-washing.
• Amount to use: An amount the size of a 100-yen coin for short hair, a 500-yen coin for medium hair and two 100-yen coins for long hair.

1. Apply to hair
2. Wash front of head
3. Wash back of head

Apply a line in a width of 5 cm from the hairline as if putting on a headband. Apply a full circle from the front of head to the nap of the neck.

Wash scalp and root of hair by moving fingertips in vertical lines from hairline to whorl.

Wash, moving from bottom to top of scalp and rub in further, massaging entire scalp. Rinse thoroughly.

CONDITIONER
• Use after towel-drying hair.
• Amount to use: An amount the size of a 100-yen coin for short hair, a 500-yen coin for medium hair and two 100-yen coins for long hair.

1. Apply & massage
2. Massage front of head
3. Massage back of head

Damaged hair
Apply from the hair tips. First apply thoroughly to the hair tips, and then apply remaining conditioner to the rest of the hair and scalp.

Undamaged hair
Apply from the scalp. First apply thoroughly to the scalp, and then apply remaining conditioner to the rest of the hair down to the tips.

Use fingertips to squeeze the scalp firmly, massaging from back to front of head.

Massage entire back of head from bottom towards top and from behind left and right ears towards the middle of the head. Rub firmly, moving the skin. After letting it absorb for 3-5 minutes, rinse thoroughly.

TREATMENT HAIR MIST
• Shake container gently to blend the essential oils, then spray on an appropriate amount.

1. As a protectant against heat from hair dryers and friction
After washing hair, spray on towel-dried scalp and hair before using a hair dryer.

2. As styling spray
After drying hair with a hair dryer, spray on scalp and hair for styling.

3. As hair mist throughout the day
Prevent scalp and hair oiliness and control hair frizz.

For faster results, continue this three-step treatment for the first three days of use, starting with cleansing. After the first three days, continued weekly three-step treatment is recommended.
